DON'T end your background design at the trim.
DON'T place your text outside the safe zone.
DO keep all text and images within the safe zone.
DO extend the background design to the edge.
OvernightPrints
upload in 300 pixels/inch
to avoid "pixelation"
Recommended color mode: CMYK
Use this instruction layer for reference only. DELETE THIS LAYER
and outline all fonts and images before upload submission.
Accepted file types: .JPG, .TIF, .PDF, .EPS and .AI (version 8 or lower).
Rounded Corners have a 0.25" radius. Please design text and images well within the safe zone to ensure proper cut.
